Summer Opportunity for High School Students

Elspeth Hayden

Abstract

Do you know a high school student who is interested in sustainability, the environment, or related college and career opportunities? Share this announcement about a summer program at Indiana University.

Keywords: Summer program, Sustainability, Virtual learning

Do you know a high school student who is interested in sustainability, the environment, or related college and career opportunities?

Indiana University's Integrated Program in the Environment is now accepting applications for a free, virtual learning experience this July!

Summer Experience in Sustainability and the Environment is an interactive online experience featuring live lectures, hands-on activities, and connections with IU faculty and like-minded students across the nation.

While participation is free, students will need an internet connection and a device capable of running Zoom and accessing the course page daily from 9:30am – 2:30pm on July 11-15, 2023.

Now accepting applications
on a rolling basis through June.
